Objectives of the meeting:

- To identify and agree on examples of good practice to be included in the Guide and how to improve the (instructions) of the guide such it can produce these good examples
- To evaluate the user friendliness of the guide and the information included, and to collect and discuss suggestions for improvement

For preparation:

- To complete the degree profile for your programme following the instructions of the Test phase of the CoRe 2 project (submit by 15 January)
- To read the degree profiles from your subject area group and to get familiar with them before the meeting;
- To identify what in more general terms could be improved to make the guide more user friendly (e.g. in terms of clear language, succinctness, its structure).
